Our Brand Story

The Dim Sum Place was established in Singapore in 2017 with the goal to make delicious dim sum and authentic Cantonese cuisine accessible to everyone in our multiracial society. To that end, we committed resources into obtaining Halal certification and spared no expense ensuring that our food remains 100% homemade yet efficiently prepared and distributed across all our outlets. With over 80 varieties of dishes and a string of media features and exceptional customer reviews, The Dim Sum Place continues to grow its footprint across Singapore and Malaysia; and we warmly welcome you to join us in our exciting and high-potential franchising programme!
